

SPC10

11 Mil Solvent Reverse-Print Polycarbonate Film

A clear inkjet-receptive coating on a polycarbonate film. Base is smooth and glossy on print side, velvet textured on reverse.

- Ideal for rollup banner, backlit displays, trade show panels and even floor graphics
- No curl memory. Unwinds flat every time.
- Compatible with EcoSol and high grade solvent inks
- Superior color brilliance and image definition
- Laminate printed side to a white backer film for unmatched durability and ease of display
- Velvet texture naturally diffuses light and cuts glare
